

THE STORM

RIDE ON FLOOR SCRAPER

"A perfect balance of precision and power"

Powerful and Unique Features

DOUBLE THE REMOVAL SPEED
at 250 feet per minute

The New
HYDROSTATIC JOYSTICK SYSTEM
offers precision steering and smooth acceleration

Dual Hydraulic
FRONT CASTER WHEELS
offer 4 points of contact and lower center of gravity to help prevent tipping and improve mobility

SMALLER FOOTPRINT
with removal weights makes access into tight spaces like elevators much easier
